

POLICE CHIEFS URGE U.S. SENATE:

DON'T PROTECT GUN DEALERS WHO ARM KILLERS.

BIG-CITY POLICE CHIEFS JOIN L.A. CHIEF BILL BRATTON TO DEMAND ACCOUNTABILITY FOR RECKLESS GUN DEALERS.

America's top cops have joined forces to oppose an outrageous bill now being pushed through the U. S. Senate. Incredibly, it would reward reckless gun dealers with immunity from legal challenges.

This legislation is the highest priority of the National Rifle Association.

Police are already battling a tidal wave of illegal guns. This legislation would make this problem worse—and make cops' lives even more dangerous. That's why the Major Cities Chiefs Association and other law enforcement groups have joined

Chief Bratton to forcefully oppose this dangerous bill.

Polls show that 2 out of 3 Americans want irresponsible gun merchants such as the dealer that armed the D.C. area snipers held accountable. But we must make our voices heard—or the NRA's money and lobbying will prevail. Go to www.STOPtheNRA.com and sign our petition so we can send your name to the senators who support this outrageous bill.

A cop's worst nightmare: Bull's Eye and the D.C. area snipers

Just 1% of gun dealers supply 57% of the guns used in crimes. Consider, for example, Bull's Eye Shooter Supply of Tacoma, Washington. Bull's Eye "lost" the assault rifle used by the D.C. area snipers to murder 12 people. In three years it managed to "lose" 237 other guns, as well. In all it supplied guns traced to at least 52 crimes. If the Senate caves and this bill passes, dealers like Bull's Eye will get off scot-free and the NRA will win a victory for its extremist agenda.
